5. Please comment on any aspect of this recitation.

20562. Perhaps making the discussions smaller and more engaging would be helpful.

41066. The TA was good, but the discussions in general felt unhelpful as we never really did anything. I think they only really help if you are struggling, which I was not, so I never actually got anything out of them but still had to go because of the quizzes, which was annoying.

33734. Mark was always willing to help.

40261. Even though it was hard some days to wake up early for 8am recitation Mark did a great job at bringing energy to the classroom to motivate us all.

41093. Please have more time slots for this discussion section. 8AM section is terrible for everyone.
